

Dear World Voting Participants,

WCS World Championship Match Voting Tournament

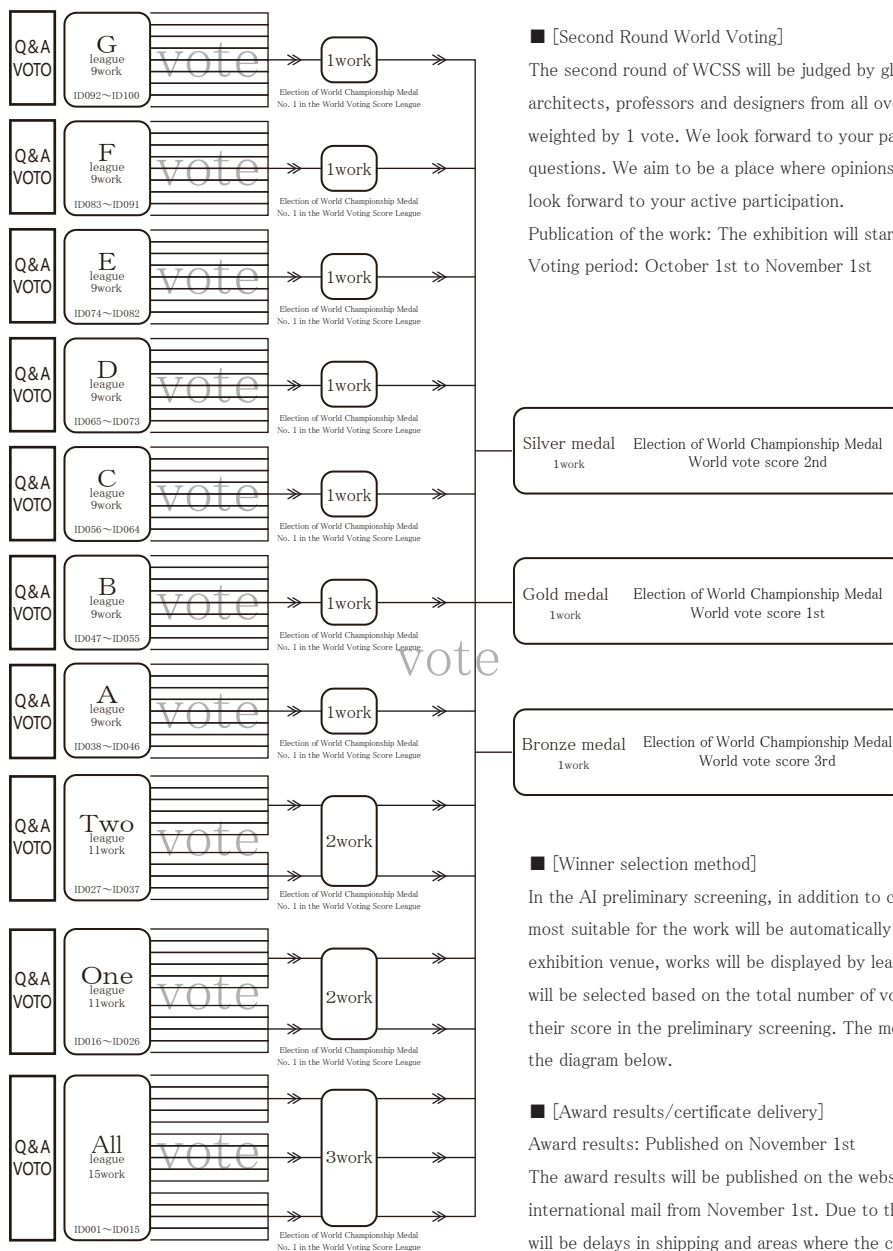

(WCS World Championship Match Voting Tournament)

■ [Overview of the second screening]

Judging for the second round (WCS World Championship Series) will be determined by the total score of the world votes in order to judge from a more global and diverse perspective. From the 3-page tournament vote, 3 works will be selected from the top 1 work for each league, and the final total score will determine the gold, silver, and bronze prizes. Based on [Scoring rules], votes are weighted by voters, and screening is performed according to [Voting regulation].

Voting regulation	Scoring rules
I... Voting and comments can be made by everyone, including exhibitors.	• Architects, university faculty members Perfect score $\times 15 \times (5 \text{ votes})$
II... You can vote from the [Vote] Google Form.	• General contractor, organizational design department Perfect score $\times 5 \times (5 \text{ votes})$
III... Voting can select 5 works from 100 works.	• WCS (World Championship) contestants (My score) $\times 5 \times (5 \text{ votes})$
IV... Comments, questions, and advice can be made from the [Comment] Google Form.	• WLS (World League Match) Exhibitor (My score) $\times 3 \times (5 \text{ votes})$
V... Please give consideration to the designer when making comments.	• Architecture student (graduate school) Perfect score $\times 2.0 \times (5 \text{ votes})$
VI... Comments can be made from simple impressions to specific points.	• Architecture student (university / junior college) Perfect score $\times 1.5 \times (5 \text{ votes})$
VII... Double voting and voting guidance If there is an illegal vote, all scores will be abandoned.	• Architecture student (vocational school) Perfect score $\times 1.0 \times (5 \text{ votes})$
	• General other than architecture Perfect score $\times 0.5 \times (5 \text{ votes})$

■ Second screening WCS contestants should vote and evaluate works other than their own from the Google form below, not the form link at the web work exhibition venue.

■ [Second Round World Voting]

The second round of WCS will be judged by global voting. Voting is done by architecture students, architects, professors and designers from all over the world, and each person can vote up to 5 votes, weighted by 1 vote. We look forward to your participation. We also welcome your comments and questions. We aim to be a place where opinions and values can be exchanged from various regions. We look forward to your active participation.

Publication of the work: The exhibition will start as soon as it is ready

Voting period: October 1st to November 1st

■ [Winner selection method]

In the AI preliminary screening, in addition to calculating the new precision scoring, the league that is most suitable for the work will be automatically selected from 10 types of leagues. At the WEB work exhibition venue, works will be displayed by league, global voting will be conducted, and the certificate will be selected based on the total number of votes. The exhibited works will be posted in the order of their score in the preliminary screening. The method of award selection for each league is as shown in the diagram below.

■ [Award results/certificate delivery]

Award results: Published on November 1st

The award results will be published on the website and notified by email. Certificates will be sent by international mail from November 1st. Due to the impact of COVID-19, there is a possibility that there will be delays in shipping and areas where the certificate cannot be shipped.
